Grade 12 Grantees Achieve Remarkable Academic Success

CGTFI proudly celebrates the outstanding achievements of its four Grade 12 scholars from Quezon City High School, who have shown exemplary performance in their academics, extracurricular activities, and leadership roles during the Academic Year 2024-2025. "We are proud of our scholars who not only met expectations but exceeded them with perseverance, discipline, and heart," said Evelyn M. Bumatay, CGTFI Executive Director (ED). "Their success is a testament to the power of opportunity and the resilience of young people when given a chance."

Clavo is the Batch Valedictorian and the three others were awarded with high honors during their graduation. They were all part of the editorial staff of their school organ, ANG PAROLA (light house), with Latasa as the Punong Patnugot (Chief Editor). These four young men are now preparing to pursue college degrees in journalism, engineering, health sciences, and information technology—fields where they hope to give back and serve their communities.

As part of its long-term vision, CGTFI remains committed to supporting deserving students through quality education. Mr. Go Yau Hong, CGTFI Board Chair who also heads the Education Committee, looks forward to continuing its scholarship program and expanding its reach to more underserved youth in the coming years.

"These scholars represent hope—not only for their families but for the future of the nation," the Executive Director added.
