CANCER PATIENT ASSISTANCE

A lady professor with high grade clear cell carcinoma of the endometrium* was another recipient of financial assistance in February in support of her surgery and endometrial curettage in Bernardino General Hospital. The CGTFI Health Committee which approves requests of this nature gave a go signal for the help provided. It is with ardent prayers that her health will be restored and the Lord bring comfort to her during this battle.

*There are around [43 cancer ribbon colors](#) and [27 cancer awareness months](#). People choose to wear ribbons to raise awareness of particular cancers and show support for people affected by cancer. PEACH is for endometrial and uterine cancer. PARTNER INSTITUTIONS AND BENEFICIARY ORGANIZATIONS

CGTFI introduces the beneficiaries for this year in addition to the different institutions it has partnered with in the past years. They render unselfish service to persons from different backgrounds and share a strong desire to improve their lives. Each one has shown dedication, hard work, and a commitment to their goals. With God's provisions and our support, they will have additional resources to succeed in their list of community projects. We believe in their potential and look forward to seeing them grow.

INDEPENDENT LIVING LEARNING CENTER, INC. (ILLC)

THE CHOSEN CHILDREN

CHOSEN CHILDREN
VILLAGE FOUNDATION
INC.

VILLAGE FOUNDATION, INC. (CCVFI)

It was founded by Mr. and Mrs. Ronald and Ma. Angeles Fullerton. It is a permanent residential facility in Silang, Cavite for children who have been abandoned, neglected, and surrendered by their biological parents, mainly due to abject poverty.

Their purpose, among others, is to be a "Christ-centered village of children envisioned to ultimately become independent and self-reliant despite their disabilities and to provide opportunities to receive love, care, and protection in a happy, therapeutic, and non-threatening environment. "

As Founder / President Ma. Angeles "Lita" Fullerton wrote in her letter of thanks to CGTFI, "The continued existence of the Chosen Children Village is due in large part to the benevolence and kindness of benefactors like you. We are truly grateful for this blessing."

AI TRAINING FOR SOCIAL DEVELOPMENT via Zoom

Last March 27, 2025, the ABSNET Central Cluster of QC conducted a Zoom webinar. It explored the role of Artificial Intelligence (AI) in social development, equipping participants with practical knowledge to enhance service delivery and community impact. It was the First Capacity Building Session this year, designed to equip social development professionals with insights into Artificial Intelligence (AI) and its role in social services. Several platforms were introduced to all QC SWDA representatives present online.

This Holy Week, let us do some deep spiritual reflection on the journey of love, suffering, and redemption of Jesus. Use this time to strengthen your faith and deepen your relationship with God, preparing your heart for the joy of Easter.

TO GOD BE THE HONOR AND GLORY!
